ROUTE

At the gates of Aube and Champagne, Nogent-sur-Seine will reveal its secrets and 19th century charms while you follow the steps of Flaubert or Camille Claudel during two guided tours. In the evening you will have diner in an old coaching inn from the 16th century. On Sunday morning the peace and quiet of the Petite Seine canal will seduce you. Alone with the companions you will enjoy this peaceful route for 11km. You will then slow down to cross the lift bridge of Pont sur Seine and take time to appreciate the canal bridge of Crancey. You will have a cozy lunch in a small village of the Seine valley. The afternoon will be dedicated to the discovery of the wild Seine, with its meanders and its fauna. The crew will need to show some skill to master the whims of the river on this 19km section route. Bikers will take the country paths along the poplar grove and greet the boats at each bridge crossing.

SIGHTSEEING

Far from the noise, the Petite Seine canal will reveal its lift bridge and canal bridge dating from the 19th century, so that you'll row throughout time! You will then leave the road structures and go back to the authentic Seine river, where you will glimpse, along the meanders of the river, at discreet villages filled with cultural and fluvial heritage. On arrival, you will be amazed by the impressive architecture of the Sassot Mills, theses witnesses of the local economical wealth, and you will admire its famous floating wash-house.
