

# COTENTIN ADVENTURE TOUR

 **JUNE 20 & 21**  
2 DAYS / 40 KM

 **ROWING LEVEL**

## ROUTE

The Cotentin tour will depart from Cherbourg marina where you will admire and learn everything about the fortifications and seawall composing the largest artificial European harbor. You will cross the harbor from West to east across the salmon parks (the famous Cherbourg salmon), and will then travel across Collignon channel (or by the north of Pelée island, depending on the weather), which is an agitated zone filled with whirlpools and strong currents. You will travel along the coast with its wild landscapes and typical harbors. Passing through the swirls of Cap will mark the next step of the tour, whose first day will end in Visière Cove. You will then head towards Fermanville camping for drinks and diner before lodgings dispatch. On the second day you will head back to Cherbourg and navigate outside the seawall before entering the harbor by the western channel if the weather allows it.

## SIGHTSEEING

Val de Saire is composed of unique landscapes filled with history and legends. Follow the trail of William the Conqueror and Richard the Lionheart... After leaving the largest artificial harbor in Europe you will row along the coast to Fermanville where you will see the coastal path. The whole coast is bordered with rocks which make shellfish pickers happy. After Cosqueville you may reach Gatteville lighthouse, Barfleur or else Tatihou Island to catch a glimpse of Saint-Vaast-la-Hougue fort, which is a perfect example of Vauban fortification and was classified UNESCO world heritage in 2007.
