 **JUNE 27 & 28**  
2 DAYS / 60 KM

 **ROWING LEVEL**

## ROUTE

This tour offers a 60 km tour in the Morbihan Gulf, this 11500 hectares inland sea which was shaped 10000 years ago around the rivers of Vannes, Noyal and Auray. You will row along the coasts of the Ile aux Moines and Ile d'Arz, the two major islands out of the 42 existing in the Gulf - according to geographers - or 365 - according to legend! All those different islands will create for you a unique scenery mixing land and sea where you will discover a rich heritage : you may indeed navigate alongside «sinagos» of «guepards», both local typical boats, you may also glimpse grey herons, aigrettes, stilts or ibis, come across a chapel, a tide mill, a typical granite house and the square tower which overlooks the gulf waters. At the whim of the tide you will discover these ever-changing landscapes, where water invades lands in a ballet of colors from deep green to turquoise...
