

MONTEYNARD TOUR

This tour, located at the foot of the Vercors mountain range, will take you on a discovery of breath-taking sights. You will pass under Himalayans footbridges, unique in Europe, hung between granite cliffs above emerald waters and the occasional cove. You will sail downstream alongside the right shore until you reach the village of Sinard and enter the gorge up to the cirque and dam of Monteynard. Then you will turn around in direction of the village of Treffors on the opposite shore and sail up the Ebron estuary, as delimited by the first footbridge. Next, you will sail along the woody shores and under the second footbridge hung over the Drac. This tour, both available for rowing and hiking, is an invitation to a family get together where everyone will find something depending on their taste. It's also possible to enjoy local visiting sites such as the Mine Image museum, in La Motte d'Aveillans, the sightseeing train in La Mure, the French revolution castle in Vizille...
