

CROSSING PARIS AND HAUTS-DE-SEINE

 **SEPTEMBER 20**
1 DAY / 28 KM

 **ROWING LEVEL**

ROUTE

Located at the gates of Paris and on the banks of the Seine, the Île-de-Monsieur departmental park in Sèvres offers more than 7 hectares of green areas dedicated to sports and leisure. The Nautical Village allows the Ile-de-France rowing league with the departmental rowing committee of the Hauts-de-Seine to welcome each year more than 1000 rowers in an exceptional setting. After a convivial breakfast at dawn, more than 200 boats start at the Sèvres bridge. This is followed by a 28 km course on the Seine to the heart of the capital for an original and unforgettable tourist visit : the Esplanade des Invalides, the Eiffel Tower, the National Assembly, the Quai d'Orsay and Notre Dame... and without forgetting the 33 bridges loaded with history which decorate the Seine by their particular and varied architectures. For half a day, you will be fortunate to have a unique rowing course! This is the only time in the year we have permission to row in Paris! The Traversée de Paris and the Hauts-de-Seine ends with a convivial and festive meal.

SIGHTSEEING

The Seine is a witness of the building of the most beautiful city in the world. This tour will add history, poetry and a feeling of greatness to the practice of our beloved sport. One cannot pass under the Pont-Neuf or the unique arch of the Pont Alexandre III without feeling peculiar sensations. Some places are quite impressive indeed, maybe because they take you back to time when the Seine was the only trade route from this small island that was going to become the French capital.
